

CONFIDENTIAL

COINS

8 September 1969

MEMORANDUM FOR: COINS Project Manager  
SUBJECT : COINS Data Standards Officer  
REFERENCE : COINS/319-69, 28 August 1969

1. My position on COINS data standards has been documented on several occasions during the past year, i.e., it would be in appropriate to consider standards until the COINS experiment has terminated.

2. If you think it would be desirable to have someone look into standards problems for future consideration, without making recommendations for immediate implementation, then I have no objection to the establishment of the proposed billet. If the proposed position is filled, I recommend that an individual be selected from some existing data standards group, e.g., IHC, DIA, etc.
